Investment Options - initial and Regular Investment Plan (minimum initial investment \$500)

IMPORTANT: The LifeGoals product requires you to select your own Investment Options that best fit your risk tolerances and objectives. The risk profile, investment objectives and strategy of each of the underlying Investment Options (the Investment Option features) can be found in the PDS in the Education Bond Investment Options Booklet. It is important that you read and understand the risk profile of each underlying option and are comfortable that they are suitable for your particular financial situation, needs and objectives. Where you have selected a sector specific fund (e.g. a fund investing in Australian shares only), you should give consideration to diversifying your investment across multiple investment choices within the LifeGoals Education Bond menu or otherwise across your investable assets held outside of this product, particularly where these funds also have a risk level of high or very high. If you require any further information on any of the investment options, please contact us on 1300 50 50 50.
